RACE Coordinator Call

1/13/14

Need your help:

Please join the call on time, the system alerts all callers when someone new joins and it is hard to hear.

Please mute your phones once the call begins. I will give you time to unmute when we are having a discussion

Objectives:

1. **Review the Hospital CARES reports**
   a. Use your hospital access at mycares.net
   b. Under reports and hospital, click on Hospital Report
   c. Gives you access to your hospital data and a national comparison. You must change hospital data to Yes and optionally National Data for the information to display. ***Your data is as complete as you have entered – the National Data is not complete until the formal CARES reports are run.**
   d. Choose your time frame
   e. Choose the arrest type *** Prior to 1/1/2013 only cardiac etiology information available.**
   f. Click report – it takes a few seconds before it opens up
   g. Please see report for additional detail
   h. Clark will send a yearly NC roll up report when the year is formally closed
   i. Contact Clark for questions clark.tyson@duke.edu
2. **Define data elements for in-hospital care of SCA pts**
   a. Purpose for additional data collection: CARES is limited, want to look at elements that affect outcomes. This would include EMS agencies that are Pit Crew trained, eligible for TH but not receiving it and why, Cath lab info, etc.
   b. Please see excel file with changes to data elements – identified those that can be exported from CARES and those that would need to be collected
   c. Need feedback on data elements by 1/17/14
   d. Need a volunteer to trial the form once complete and revision to form
   e. Need a data dictionary once elements are decided upon
   f. Need formal plan to implement once pilot completed
   g. Lisa to investigate automation of the data for reports
   h. Need input on report content
3. **Discuss AHA ML system registration and updates**
   a. Need facilities to review their info, their transfer hospital info and update. Please have form back to me by 1/17/14
   b. Once the AHA has updated the information, you will receive contact from them telling you how to log in. Your contact info is not shared publicly on the website
   c. Once these are fixed, I will give you further detail on how to register for Cardiac Arrest System
4. **Discuss hospital teams and contacts**
   a. Delayed until next call, will send out some info before the next call
   b. Review survey info summary that is attached

5. Review Upcoming Events
   a. 2/19   Pinehurst
   b. 3/12   Chapel Hill
   c. 4/10   Lumberton
   d. 4/15   Telecommunicators Conference
   e. **9/17   Coordinator Meeting in Wilmington prior to symposium**
   f. **2/10   Next Call 0900-1000 Topic: Community Grants**
